

## **Andy and Clare Bova Happy New Owners at Isola Bella Estates**

Andy and Clare Bova are the happy new owners of a five-bedroom, 5,519-square-foot, single-family home at Isola Bella Estates in Lake Worth. Clare's work as an organizational development professional with Tyco/SimplexGrinnell brought the family to Lake Worth from St. Augustine. They closed on April 7, 2009.

According to Andy, it was the open feel and natural setting that convinced them to purchase in this particular community. The larger home sites and incredible quality of the homes were major selling points as well. "What we liked most about our home was the Mediterranean-style courtyard that encompasses our pool," he says. "In terms of the community, we loved the fact that the home sites have a lot of beautiful water views and also that the community seemed extremely family-oriented with its amenities."

Developed by Anasca Homes, Isola Bella Estates is a single-family home community in Lake Worth featuring spacious one- and two-story residences designed for the family-friendly Florida lifestyle. The community offers a gated entrance with guardhouse and a school bus shelter.

The lakefront clubhouse offers a state-of-the-art fitness center, children's activity center, heated resort-style pool and separate spa, kids pool with water toys and spray stations, and much more.

According to Andy, "It was great working with Anasca Homes. We've been viewing this particular community for over six months, just waiting for our house in St. Augustine to sell. When we were ready to buy, our sales consultant Tina was always genuine and extremely helpful. You could tell that everyone you dealt with took great pride in working for Anasca."

In terms of the financing process, Andy explains, "It was incredibly simple. You hear horror stories sometimes, but the whole process was amazing. The mortgage rates are fantastic, and the mortgage companies and banks are eager to do business with you."

When asked what advice he would give to others who are looking to buy a home, Andy states, "My advice would be to get yourself pre-qualified so you know what you're capable of spending and then go out and take advantage of the numerous opportunities out there right now while you can."
